

Assembly instructions

1- First we prepare screws. we select a screw of length 160 mm. and we introduce its corresponding washer and another of length 51 mm. and we introduce its washer, to the latter we screw the 30 mm bushing about three turns. and we leave it close.

We selected two ribbons of 87 cm. (2) and one of 45 cm. (3). It crosses the two ribbons nº 2 and in the middle it intersperses the nº 3, being this between the two. Then we take the screw with the pin and introduce it by joining the three slats, on the reverse side we introduce the other screw and tighten.

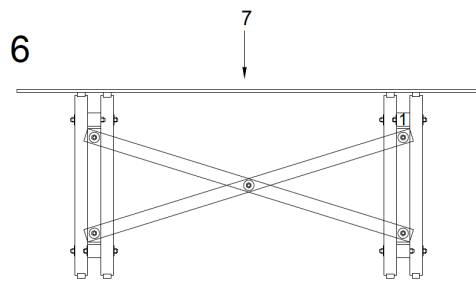

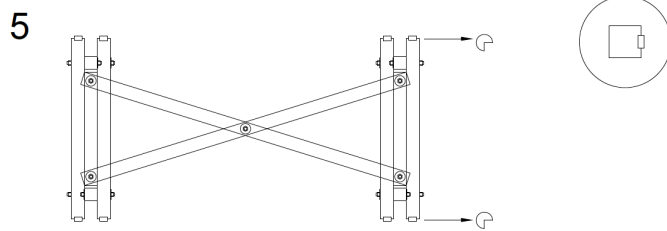

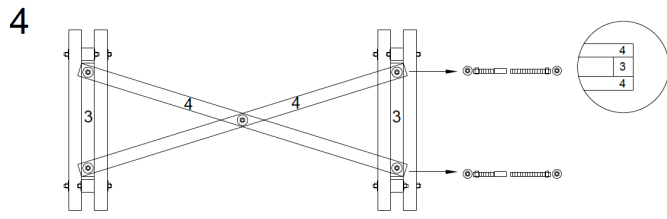

2- We prepare bolts and select two 53.3 cm slats. we place them in the middle of the cross, joining the two ends.

We perform steps 1 and 2 again

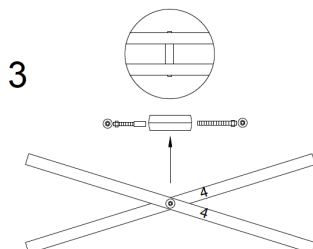

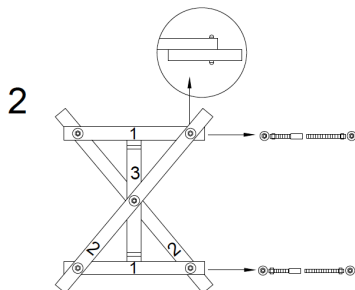

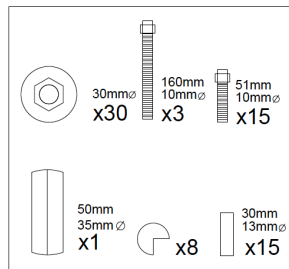

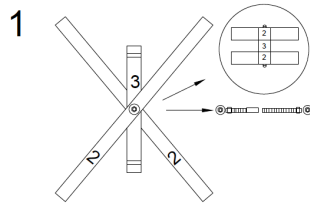

3- We prepare screws. We select the two longest strips and join them together at their center, placing the 5 cm stainless steel spacer in between. Then we join the piece (4) with the piece (3).

4- Stick wooden tops on the table and on the legs.

5- Place the glass.
